

NEW DIE GRINDERS MIT SPINDLE LOCK

WITH SPINDLE LOCK FOR QUICK CHANGE OF BURRS

RED ROOSTER die grinders are extremely suitable for de-burring applications as well as weld seam finishing and general die grinding applications. The RRG range of die grinders are developed for enhanced productivity, the shaft can be locked by push-button for changing of burrs.

CHARACTERISTICS

- The composite tool cover allows the hand to grip the tool firmly due to the unique ergonomic design.
- The grinders have an adjustable rear exhaust.
- Air inlet with a swivel allowing the tool to be very flexible, especially in difficult access areas.
- When depressed fully the safety lever lays flat against the tool adding extra comfort for the operator.
- The power dial sets the tool performance to the operators choice.
- Increased durability.
